Cabinet Hinge Options

Blum Program Overview

- One piece steel, nickel plated concealed hinges designed for use with 3/4" thick front frames
- Hinges packed in pairs or bulk pack and include mounting screws, installation instructions and warranty information
- Hinge option is only available on door styles and edge profiles which support concealed hinge boring
- Doors over 42" high will receive 3 hinges
- Specify hinging left or right for single door cabinets if hinge boring option is selected
- Blum hinges carry a limited lifetime warranty

COMPACT BLUMOTION Hinge Program

Hinges with Integrated Soft Close

- Available for 1/2", 1-1/4" and 1-3/8" overlays
- Soft close feature is integrated in the hinge cup itself
- Soft close function can be easily deactivated with a switch on individual hinges as needed based on the door size and weight
- All hinges feature side, height, and depth adjustment for fine tuning door spacing with wraparound face frame mounting for ease of installation
- Blum COMPACT BLUMOTION hinges require Pattern "A" cup only boring
- Note: When 1-1/4" or 1-3/8" overlay is ordered, extended stiles or loose filler strips may be required in applications where cabinets are installed next to a tall cabinet, corner cabinet or a wall
- Hinges available in pairs or bulk pack (50 hinges per pack, including mounting screws)

1/2" Overlay Hinge

Blum COMPACT BLUMOTION 38N 105° opening angle
